**HUSQVARNA CONNECT APP**

Stay connected to your 300 series rider direct from your smartphone. Available from App Store and Google Play.

The high capacity collection auger compacts grass clippings in to the integrated collector. The collector is easily emptied from the driver's seat by the push of a button.

The specially designed cutting deck has counter-rotating blades that efficiently cuts the grass and feed the auger. The service position allows for easy cleaning and maintenance.

All controls are grouped together maximising user comfort and ensuring safe control. Turn key start allows easy starting, no choke needed, just turn the key and go.

### DID YOU KNOW?

The unique ACTech™ collection system compacts the grass collecting significantly more when compared to conventional collection systems.

XChange Drive-in-drive-out attachment frame. Makes it easier than ever to change your rider's attachment. The deck can be flipped into service position and the attachment changed quickly and without the use of tools.

Increased comfort. The seat slides on a 10-degree incline, securing a correct angle of the knees regardless of the driver's height. The steering column height is also adjustable.

All controls are grouped together maximising user comfort and ensuring safe control. Smart display. The new intuitive overview and display will give you real time updates on your rider's status.
