

P 525DX WITH CABIN

NEW  
SPRING

Highly productive large capacity diesel machine fitted with cabin for long shifts and all year use in very large areas.

- Powerful 1123 cm<sup>3</sup> Kubota 3-cylinder diesel engine.
- Unique articulated steering concept creates a dynamic weight transfer on the front wheels, which maximises traction in all conditions.
- The steering concept in combination with AWD and a low centre of gravity provides excellent handling on slopes.
- Commercial-grade components means uncompromised durability and maximum uptime.
- Ergonomic driver interface with modern graphic display and easy-access to all controls.
- Built-in connectivity module allows connection to Husqvarna Fleet Services™
- Heavy-duty square tube ladder frame (4 – 10 mm) with an open design for easy service access.
- PTO shaft for maximum efficiency and versatility.
- The Combi deck makes it easy to switch between mulching and rear discharge.
- Extra wide tyres and high transport speed (18.5 km/h)
- Spacious cabin with large glass front window with wiper, glass doors and Grammer seat.
- Vibration-isolated from the chassis, resulting in significantly lower noise and vibrations.
- Supplied factory fitted and equipped with hydraulic kit, LED light kits and counter weight. Cabin can be removed for summer use.

Engine	Engine size / Power	Transmission	Cutting width
Kubota D 1105 diesel	1123 cm <sup>3</sup> / 18.7kW	Fast Hydrostatic AWD	132 cm / 155 cm

**P 535HX**

**NEW  
SUMMER**

**HYBRID**

Powerful Hybrid commercial front mower. Two electric motors power the wheel drive axles, while the PTO and electric generator are powered by a 1123 cm<sup>3</sup> Kubota diesel engine.

- Hybrid technology using a combination of powerful 1123cc Kubota 3- cylinder diesel engine, electric generator and electric drive motors.
- Hybrid energy storage system using 4.2 kWh Li-Ion 52 V batteries. Batteries are recharged when the PTO is engaged.
- Unique articulated steering concept creates a dynamic weight transfer on the front wheels, which maximises traction in all conditions.
- Electric All-Wheel Drive (AWD) with battery only quiet transport mode.
- The electric AWD propulsion system is electronically controlled via integrated sensors which ensures optimised traction. The drive wheels individually and automatically set the correct speed in all situations.
- The steering concept in combination with AWD and a low centre of gravity provides excellent handling on slopes.
- Commercial-grade components means uncompromised durability and maximum uptime.
- Ergonomic driver interface with intuitive hi-resolution touch colour screen and easy access to all controls.
- Built-in connectivity module allows connection to Husqvarna Fleet Services™.
- Heavy-duty square tube ladder frame (4 – 10 mm) with an open design for easy service access.
- Engine powered PTO shaft.
- Choice of cutting decks from 132 - 180cm. X variant Combi decks feature hydraulic height adjustment.
- Extra wide tyres and high transport speed (19.5 km/h)
- HVO100 ready. Hydrogenated Vegetable Oils (HVO) is a 100% synthetic diesel made from renewable materials.
- Supplied equipped with hydraulic kit.
