**RTM SUFFOLK®**

## Overview

The **RTM Suffolk® Junior Sweeper Collector** - for pastures and estates. Rejuvenates grass by removing dead and loose materials. Successfully cleans turf surface collecting droppings, leaves and materials in the hopper. A very cost-effective way of keeping paddocks, parks, estates and turf surfaces well maintained. Let the **RTM Suffolk® Junior Sweeper Collector** do the work, saving you time, energy and labour costs.

As simple as a good old brush and shovel! Very low running and maintenance costs. 1.3m working width with large easy empty discharge hopper. Simple hydraulic empty with a single hydraulic feed requirement. Mounted on 3-point linkage, but runs independently on four rubber wheels. Suitable for compact tractors of 25+HP that have a conventional 540 rpm six-spline power take-off shaft, category 1 linkage and reasonable lift capacity.

**All our RTM Suffolk® range of machines carry a 12-month manufacturer's warranty!**

## Specs
