

SF224/ SF235

Offered with a 22hp or 32.5hp engine these high performance, manoeuvrable out-front rotary mowers are designed to facilitate grass cutting in the most difficult areas.

Rotary or flail decks may be fitted to the power unit.

A large tool storage box is standard which will store all the items you

need when out mowing large areas.

Hydrostatic transmission with automatic or selectable 4WD.

Routine servicing and maintenance is refreshingly easy with excellent access to the engine and service points due to the tipping storage box. The radiator has an automatic reversible fan.

KEY FEATURES

Power: 24.2kW (32.5hp) or 16.1kW (22hp)

Drive System: HST

Special Features: High performing and manoeuvrable outfront mower, large storage box for tools, simple height of cut change. Choice of rotary or flail decks.
